Title of the non-inspection activity: **Communication campaign "Esi drošs, ka darbs ir drošs!" ("Be sure work is safe!")** 

Duration of the non-inspection activity: 21.11.2023.-18.12.2023.

Aim of the non-inspection activity: **Promote understanding about working environment factors** and risks caused by them, understanding the importance, need and effectiveness of the labour protection system and measures, as well as influence the behaviour of the target audience, promoting the rise of the preventive culture in the working environment.

Scope of the non-inspection activity (description): In this communication campaign were developed information materials like caricature, video clip and song. There were opening event in which participated members from Latvian Chamber of Commerce and Industry and Free Trade Union Confederation of Latvia, also person who suffered accident at work to share his experience, and messengers of this campaign – 2 hocky player's. Also 4 Good Practise companies participated in this event and shared their experience in reducing number of accidents at work. There were 153 participants in this opening event. More about this campaign here, but only in Latvian <a href="https://www.vdi.gov.lv/lv/kampana-2023-esi-dross-ka-darbs-ir-dross">https://www.vdi.gov.lv/lv/kampana-2023-esi-dross-ka-darbs-ir-dross</a>

Sector covered by the non-inspection activity: All industries where was high number of the accidents at work

The number of establishments covered by the non-inspection activity: **There were information events in 12 companies in which also participated SLI inspectors, messengers of this campaign.** The number of labour inspectors involved in implementing the non-inspection activity: **0** 

The number of specialised staff (but not labour inspectors) involved in implementing the noninspection activity:1

The number of persons involved in supervising the implementation of the non-inspection activity (including the preparation of communication and promotional materials and summing up its results):

Background of the non-inspection activity: In Latvia there is still high rate of accidents at work. This is why such comunication campaign was organized to rise avareness of employers, employees to follow safety rules, in particular industries with high number of fatal and severe accidents at work.

Budget of the non-inspection activity: 181 200 euro (plus added value tax 21 %)

Short summary of the outcome of the non-inspection activity: **During the information campaign**, **public attention was drawn to labour protection issues**, **especially the provision and use of** 

personal protective equipment. 2 hockey players were involved, because the Latvian hockey team won the bronze medal at the 2023 World Hockey Championship. Public survey data show that the campaign organized by SLI was noticed both on television and radio, as well as on Internet portals and social networks. Respondents indicated that the campaign was noticeable and memorable. Of particular interest was the regional events in Good Practice companies, which were reported by the local media and attracted the attention of the public.

In addition this communication campaign organized by company "Mediju Tilts" won third place in the event Mi:t&Links in Baltics contest Best Communication campaign "Story Telling" category. Non-inspection activity							
A. St	takeholders cooperating with the labo	ur inspec	torate in non-inspection activity				
1.	Were external stakeholders involved in	the imple	mentation of the non-inspection activity:				
a)	From the public sector?		Latvian Chamber of Commerce and				
			Industry, Free Trade Union Confederation				
			of Latvia				
		56	What was the scope of such cooperation?				
			Spread information to the members				
b)	From the private sector?		Good Practise companies				
			What was the scope of such cooperation?				
			Participated in the opening seminar,				
			organized campaigns events at their				
			workplaces, spread information about				
			safety to their employees.				
2.	Does your national legislation specify	NO					
	the rules of cooperation with						
	stakeholders in non-inspection						
	activity?						
3.	While selecting stakeholders for	NO					
	cooperation during the non-						
	inspection activity, was any account						
	taken of the results of the						
	inspectorate's cooperation with such						
	stakeholders during previous						
	initiatives?						
B. So	ources of project financing in the labo	ur inspec	torate's activity				
4.	Was the project (of non-inspection		European Social Fund				
	activity) financed solely by the labour						
	inspectorate?						
C. Pi	reparation of the project (of non-inspe	ection act	ivity)				
5.	What sources were used to specify		inspectorate's own database of workplace				
	the described non-inspection		accidents				
	activity?						
6.	How was the project (of non-inspection	n activity)	prepared?				

a)	By an organisational unit of the		What is the range of the duties of the unit			
	labour inspectorate		responsible for the preparation of the project?			
			Unit was responsible for implementation of			
			the entire project			
			How many members of staff are employed in			
			the unit responsible for the preparation of the			
			project? (number of staff employed in the unit:			
			and number of staff preparing the project:)			
			Unit consisted of 13 persons
